

WITNESS is the proud recipient of several recent honors. We have been recognized by the National Academy of Television Arts & Sciences with the first ever **Humanitarian Award** for our use of video and online technologies to document and expose human rights violations around the world. We have received the **American Express Building Leadership Award** from the Independent Sector for promoting leadership in other organizations and for building leaders from within. We are one of four New York-based organizations to receive the first **New York Times Company Nonprofit Excellence Awards**, in our case for excellence in communications. And in the November 15th issue of *The Chronicle of Philanthropy*, WITNESS is featured along with the premier of the Hub – our new website where anyone can upload human rights video to create change. Please visit www.witness.org for more information on these and other awards.
