Help Drop "the Hammer" on Corruption!

Tom "the Hammer" DeLay leads the Republican majority in Congress, and epitomizes the blatant corruption, abuses of power and partisanship all too common among the extreme right wing. Help us air a new TV ad to call out DeLay's corruption for hundreds of thousands of his own constituents and upwards of one million Americans. Corruption like...

- Taking campaign contributions from a polluting energy company in exchange for what company officials believed would be "a seat at the table" during Energy Bill negotiations.
- Strong-arming a Republican member of Congress to side with big drug companies and HMOs during the 2004 Medicare bill. (The Republican colleague originally accused DeLay of outright bribery.)

For the first \$20,000 contributed, the Campaign for America's Future will match every dollar 4-to-1 to expose DeLay's corruption for even more people. With this match, every \$10 you contribute will put this ad in front of 160 households for a full week! Please contribute today.
